Please join us for a 24-hour global event of healing and fundraising that benefits Christina Hepburn, our extraordinary ambassador from Mindvalley. Christina has been a light within the Mindvalley community whose contributions have impacted thousands of students in The M-Word, Speak and Inspired, and Conscious Hour Circles.

Our Global Mermaid Healing Circle consists of

- 38 Ambassadors + Mindvalley members from all around the world
- More than 36 types of offering with pure rare gems of meditations
- 3 Healing Musical Performances
- 2 writing workshops

... and much more!!!

Giving is receiving!

Our beloved sister Christina was diagnosed with Triple Negative Breast Cancer and is currently in Stage 4. Our Mindvalley Ambassador community is putting this event together to give her a healing boost and fundraise money to cover her medical treatment which she urgently needs. Time is of the essence here.

If possible, please donate to Christina's medical treatment fund here:
